

Year 6 News

Mrs Glendon and Miss O'Connor

Spring

January 2023

We hope you all had a wonderful, relaxing Christmas and New Year.

Welcome back!

Year 6 had a very busy Autumn term and we all thoroughly enjoyed ourselves. Thank you to all parents and carers for your support with homework, learning of times tables, spellings and reading. Please continue to encourage your children to practise these skills regularly.

Homework

By now, children should know their times tables but should continue to learn weekly spellings. This week your children will start to take home a CGP pack of work and study books as their homework. Children will be instructed as to which homework to complete **daily**. This has all been explained to the children.

If you would like to discuss your child's progress at any time please speak to us.

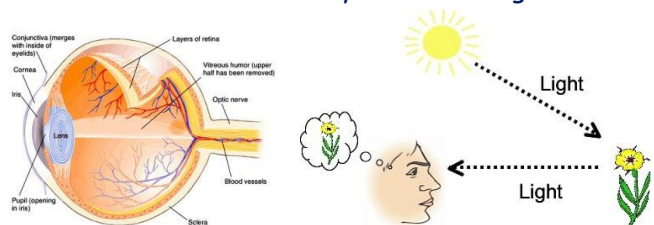

History

This half term we will be learning about William Shakespeare as part of our History curriculum topic. We hope to immerse ourselves in his writing and learn about life in the 16th and 17th centuries in Britain.

Science

In Science, we will be experimenting with light, how we see things and how shadows are formed. We will learn about the functions of our eyes and how light travels.

Reading books

Reading continues to be of great importance. Reading for 15 minutes every night makes a huge impact on children's learning. When you have listened to your child read, please sign in their PALS. Thank you.

P.E. Kits

P.E. takes place on Wednesday afternoon. Please can children come into school wearing their full PE kit. This half term, the children will be participating in dance, therefore the children will need to wear either pumps or bare feet in the school hall.

King Charles' Coronation and SATs week.

On Monday 8th May there is a Bank Holiday to celebrate our new King's coronation. This will mean Year 6 SATs will take place Tuesday 9th to Friday 12th of May. Parents will be invited into school on Monday 13th March to discuss SATs with our Year 6 team.
